PROFESSIONAL EXPERIENCE

- 2023-2025 **The European Space Agency, The Netherlands**
Project Manager, The Young Professional Satellite 2 (YPSat-2)
- Led 50-member cross-functional team of young professionals on YPSat-2, a four-year ESA mission launching the AIM (Angiology in Microgravity) payload on the Space Rider inaugural flight
 - Directed 10+ subsystem teams from mission inception and contract baseline to Critical Design Review (CDR), ensuring technical maturity, schedule control, and risk mitigation across all mission domains
 - Implemented ESA-compliant project management frameworks covering schedules, deliverables, risk registers, and Earned Value Management (EVM) indicators for cost and performance tracking
 - Organised and chaired two major agile review cycles with 15+ ESA experts, defining objectives, success criteria, and milestone deliverables to align engineering and programmatic progress
 - Secured executive approval and funding from ESA’s Board by re-scoping mission objectives, coordinating stakeholders and launch interfaces, and overseeing AIT planning and knowledge transfer
- Business Analyst Young Graduate Trainee**, Directorate of Connectivity and Secure Communications (CSC)
- Developed and deployed the CSI (Cost & Schedule Indicator) dashboard, reducing reporting time from 3 days to 30 minutes with 99 % accuracy; now adopted by 15+ missions
 - Improved quarterly project-control reporting for 15+ space missions by automating data flows for controllers and managers
 - Built a scalable input architecture integrating 10+ sources to support all CSC missions and other ESA directorates
 - Created a historical data archive (2019-present) and trained 30+ colleagues for seamless adoption
- Jan - Jun 2022 **Louis Vuitton, France**
Global Merchandising Strategy Intern, Women’s Small Leather Goods Team
- Shaped product development strategy by analyzing global trends, client needs, and market opportunities
 - Owned benchmarking analysis backing structure and sized product assortment for SLG collection
 - Generated weekly insights for executives and cross-functional teams by analyzing global sales performance
 - Implemented commercial strategy through 15-year sales, product mix, client, and retail network review
- Jun - Dec 2021 **Amazon, United Kingdom**
Business Analyst Intern, Registration and Compliance Operations - Analytics Team
- Conducted 50+ interviews and meetings with 20+ stakeholders to align needs across 5 Amazon functions
 - Automated weekly reports on seller identification’s performance with Python, cutting manual work by 80%
 - Designed a digital dashboard for 5 Amazon functions, used by 150+ professionals, with 95% user satisfaction

OTHER PROJECTS & COMPETITIONS

- Feb 2026 **Olympic Winter Games Milano Cortina 2026 – Rights Protection Volunteer at Anterselva Biathlon Arena**
Supported Rights Protection operations, identifying ambush marketing and unauthorized commercial actions
- 2020-2021 **Strategy Workshop at BCG**
Pitched a platform connecting 160k+ student entrepreneurs with 50+ companies, ranked top 10% by the BCG jury

SKILLS AND INTERESTS

- Languages** Italian (Native), English (Fluent), French (Fluent), German (Fluent)
- Technical Tools** MS Project, Excel, Power Point, Power BI, Python, SQL, Tableau, C
- Project Methods** Agile & Scrum (HEC Training), EVM, Risk & Schedule Control, Stakeholder Communication, Team Leadership, Problem-Solving, Decision-Making
- Sports** Practiced artistic gymnastics (7 years) and athletics (3 years)
- Interests** Skiing, tennis, travel; former artistic gymnast and track athlete; volunteer at Caritas Ventimiglia; member of Italian Alpine Club (CAI) and Nova Talent Network
